ALGONQUIN COLLEGE | Applied Research & Innovation

Student Intellectual Property Transfer Agreement

I, Rishi Patel, a student at the Algonquin College of Applied Arts and Technology wish to participate in applied research activities in conjunction with the College. These activities will contribute to my course credits or otherwise provide me with valuable experience. In view of this opportunity I hereby consent to transfer ownership to the College of any Intellectual Property (IP) I may create or invent in connection with these activities. I hereby revoke any claim to said IP in perpetuity. I understand that this agreement supplements College Directive RE05, "Intellectual Property", for applied research activities that include College or non-College partners and for applied research projects funded by partner agencies who require project IP to remain with the College.

Student Name: Rishi Patel
